# Company Overview

Qingdao Chuanghui Industrial Co., Ltd. was founded in 2003. It has been continuously rated as a high-tech enterprise since 2013. The company is committed to providing a full range of solutions for mobile sanitary facilities for people living in environments without external pipelines.

Focusing on the original R&D of hollow blow-molded components and special hollow blow-molded containers, we go beyond ordinary containers. Through structural design and further processing, we develop a series of eco-friendly, energy-saving mobile sanitary facilities with higher practical value.

Promote wide application across various fields, scenarios and crowds.

-  Integrated blow molding process  
Impact resistance, heat resistance and anti-plasticization property.
-  Adopt imported plastic particles  
Give full play to core material advantages to reach industry-leading standards.
-  Double breakthrough in portability and durability.  
Based on high-quality raw materials and innovative design.

## Core Qualifications & Honors

- > Obtained international authoritative certifications including ISO and BSCI.
- > The company has obtained over 100 patents since 2008, including 3 national invention patents.

Production System

Blow Molding Process

Intelligent control system

Passed ISO9001 certification

Zero-fault operation

Extended warranty service

# Enterprise R&D

All products of Qingdao Chuanghui Industrial Co., Ltd. are independently developed.!

Our core technologies of **Portable Flush Toilets, Gravity Flush Toilet, Rear-Pull Cassette Toilets, Hammer-Wedge Knock-Down Animal House and Wash Station series** are covered by national invention patents, as well as invention patents granted in the United States, Japan, Canada, Europe, Australia and other countries.

# Corporate Culture

**CHH Corporate Purpose**

Making mobile hygiene more convenient.

Delivering humanistic care.

**CHH Corporate Spirit**

Advocating Environmental Protection, Building a Better Environment.

**CHH Corporate Vision**

To become a respected, innovative and growing global manufacturing supplier.

**CHH Corporate Achievements**

Export Experts over 20 years Completely independent Intellectual Property Rights worldwide

Adhere to independent original design, attach importance to intellectual property protection and practical application.

Equip exclusive customized testing equipment and quality control procedures in all core production processes.

Strive to create civilized, convenient, safe and practical high-quality products.

Enjoy one-stop shopping for our full range of diversified products. You can always find items that meet your needs and gain full advantages from bulk procurement cooperation.

- High-Strength Hollow Blow-Molded Board Technology

Adopting a new composite material formula and optimized structural design, the product achieves **30%** lighter weight and **20%** higher load-bearing capacity. Its modular structure allows easy quick assembly, disassembly and transportation, suitable for various application scenarios.

- Dynamic Dual-Seal System

It innovatively adopts secondary injection molded sealing ring frame plus double sealing structure within 6mm space, greatly improving waterproof and leakproof performance by **50%**. It adapts to extreme environments ranging from **-40°C to 80°C**, ensuring zero leakage during long-term service.

- Self-sufficient Water Supply System

It integrates high-flow foot pump and hollow blow-molded water storage tank to realize water supply without external pipelines and enhance environmental adaptability. Each flush delivers **75ml** water for full-range cleaning.

- High load-bearing capacity, capable of withstanding 1-meter drop impact and passing carton drop tests, meeting e-commerce shipping standards.

## Summary of Innovation Points

Through innovations in materials, structure and functions, the product features light weight, superior sealing performance, low water consumption and long service life, filling the technical gap in high-end mobile toilet industry domestically.

# Enterprise Export

Export Experts over **20+** years

Sold in **70+** countries and regions.

United States

Canada

Australia

Japan

United Kingdom

Germany

India

France

Russia
